OBJECTIVE

Final-year Computer Engineering student with strong foundations in Java and backend development, seeking an entry-level role to apply problem solving skills, build scalable applications, and contribute to organizational growth.

INTERNSHIP

Java Developer Intern

Manasvi Tech Solutions Pvt. Ltd., Pune | Jan 2025 – Mar 2025

- Gained hands-on experience in Core Java, including OOP principles, Exception Handling, Collections, JDBC, and Hibernate ORM for building scalable backend applications.
- Designed and developed a Library Management System using Java, Hibernate, and MySQL, implementing complete CRUD operations, entity mapping, and database connectivity.
- Worked with Hibernate annotations, session management, and followed layered architecture and best practices to ensure efficient and maintainable application development.

SKILLS

- **Programming Language** : Java, C++, Javascript, HTML, CSS, SQL, Bash Scripting
- **Libraries & Frameworks** : JDBC, Hibernate, Servlet, JSP, Spring, MVC, Spring Boot, JPA, REST API Development, Spring Security, JWT
- **Database** : MySQL, MongoDB
- **Tools & IDE** : Git, Github, Linux, Docker, AWS, Maven, Postman, IntelliJ Idea, Eclipse, VS Code
- **Coursework** : Object Oriented Programming (OOP), Data Structures & Algorithm (DSA), Computer Networks (CN), Database Management System (DBMS), Operating System (OS)

PROJECTS

- **Quiz Web App** : Developed a full-stack Quiz Web Application using React, Spring Boot, and MySQL with secure authentication, role-based access, and multi-user support. Implemented Admin and User modules including quiz and question management, timed assessments with automatic submission, real-time monitoring, and result analysis with answer keys.
